1. Reference A requested that \$25,480 be provided for the completion of Item II(e) under Task I, and that a sum of \$11,640 be allocated for an additional 2,000 hours of engineering time for Item II(b). Reference B made \$26,000 available for Item II(e), but withheld additional funds for Item II(b) until the necessity for this expenditure was further substantiated by the contractor. Reference C has been studied, and has been found to be a sufficient justification for this additional cost.

2. Task I should therefore be amended to include an additional 2,000 hours of engineering time (\$11,640) for Item II(b). Funds are available, chargeable to FY-53 Allotment No. 2995-50-07.

3. It is requested that an answer be made to Reference A, advising the contractor of the funds availability for Item II(e), and of the amendment to Item II(b).
